

Laura Soto Miranda

Product designer with 18 years of experience. I'm passionate about helping people & teams scale and work better together through design systems, organised processes & kindness.

WORK EXPERIENCE

Staff Product Designer at Deliveroo

London, UK. December 2020–Current

- Lead designer for design systems at Deliveroo. I look after the Figma implementation of our two design systems keeping our component libraries tidy and our documentation organised. I've made significant accessibility improvements to our consumer facing products and I'm working on centralising our colour foundation using design tokens.

Senior Product Designer at Property Finder

Dubai, UAE. January 2020–November 2020

- Lead designer for the consumer facing products of the real state marketplace (Desktop & mobile website, iOS and Android Apps).
- From discovery to delivery, I work hand in hand with the product manager and engineers to build feasible, delightful and valuable products.

Design Systems Lead at Emirates NBD

Dubai, UAE. April 2018–December 2019

- Lead the strategy, design and implementation of a multi-brand and multi-platform Design System for Emirates NBD, the leading bank in the Middle East region.
- Evangelist of the Design System in the organization constantly communicating, educating and showing stakeholders and team members the value and benefits of a Design System.

Branding Strategy (Freelance)

2016–2018

Experience with independent branding strategy and art direction in projects with entrepreneurs in Mexico City and Sweden. Working closely with the founders in a co-creative and iterative process to define their brand with a human-centric approach.

SKILLS

- Great communication & presentation skills
- Sketching & illustration
- Great eye for detail & typography geek
- Process-driven
